## TITLE INDEX

No. 1 JANUARY-JUNE

Obituary— Prof. E. C. Stakman	...	...	...	...	...	i
Inaugural Address— Digvijay Singh	...	...	...	...	...	i
Chairman's Address— Dr Ranbir Singh Talwar	...	...	...	...	...	iv
Status of fusarial wilts— Dr. N. Prasad	...	...	...	...	...	v
Abstract of papers— Symposium on plant disease problems, Jaipur, Oct. 1-3, 1978	...	...	...	...	...	1
Studies on ecological distribution of coprophilous fungi— M. Nusrath	...	...	...	...	...	97
Lysis of <i>Sclerotinia sclerotiorum</i> and its possible relation with chitinase activity— J. N. Rai and S. Dhawan	...	...	...	...	...	103
Cause and control of seedling blight of wheat ( <i>Triticum aestivum</i> ) in the state of Assam— Akhil Borborua	...	...	...	...	...	108
Seed mycoflora of <i>Sorghum vulgare</i> — some aspects of seed health testing— J. N. Rai and V. K. Gupta	...	...	...	...	...	113

## PHYTOPATHOLOGICAL NOTES

Some new fruit rot diseases of apple— T. S. Thind, S. B. Saksena and S. C. Agrawal	...	...	...	...	...	122
Seedling blight a disease of almond new to India— A. D. Sharma	...	...	...	...	...	123
Screening of genetic stock of gram against blight— Gurdip Singh	...	...	...	...	...	124
Bio-assay of different systemic and non-systemic fungicides against anthracnose of bottle-gourd caused by <i>Colletotrichum lagenarium</i> — R. B. Singh and J. P. Jain	...	...	...	...	...	125
Effect of auxins on the growth of <i>Pestalotia psidii</i> and <i>Botryodiplodia theobromae</i> — M. K. Bhatnagar and R. R. Singh...	...	...	...	...	...	126
Report of the Society of Mycology and Plant Pathology for the years 1975-78	...	...	...	...	...	129
Symposium on Plant Disease Problems— A brief report	...	...	...	...	...	131
Book Review	...	...	...	...	...	136
New Books	...	...	...	...	...	138
Audited Accounts for the years 1976 & 1977	...	...	...	...	...	139
Errata...	...	...	...	...	...Third cover	

Obituary— N. Prasad	...	...	...	...	i
Studies on mycotoxicity of <i>Aspergillus ochraceus</i> isolated from sorghum seed and soil— J. N. Rai and V. K. Gupta	...	...	...	...	141
Toxicity of culture filtrates of aspergilli to some fungal pathogens causing fruit rot— K. K. Khanna, S. Chandra, A. P. Singh and S. N. Bhargava	...	...	...	...	145
Resident mycoflora on pegs of groundnut as affected by seed and soil treatment with fungicides— S. L. Madaan and J. S. Chohan	...	...	...	...	149
The relation between certain host characters and bacterial leaf streak incidence in rice— C. Seshagiri Rao and S. Devadath	...	...	...	...	153
Comparative study of the losses of grain in different bread cereals in relation to the ergot infection— K. S. M. Sastry, R. N. Thakur and V. R. Pandotra	...	...	...	...	157
Influence of temperature, concentration and stage of decomposition of wood sawdust on hatching and infectivity of <i>Meloidogyne javanica</i> — K. Sitaramaiah and R.S. Singh	...	...	...	...	161
Utilization of polysaccharides by storage rot fungi— S. N. Bhargava	...	...	...	...	170
Translocation of HPMTS in rice seedlings through roots— R. A. Singh and Vijai Pal	...	...	...	...	174
Effect of arhar ( Pigeon pea ) mosaic virus on the yield and reproductive capacity of pigeon pea cultivars— R. Singh and T.P. Mall	...	...	...	...	178
Evaluation of maize germplasma against maydis leaf blight— Thakur Ji	...	...	...	...	182
Studies on a virus causing mosaic disease of urd bean— R. Singh and R. Singh	...	...	...	...	185
Annotated list of fungi from Faizabad ( U.P. ) India— I.— R.S. Kanaujia and Raj Kishore	...	...	...	...	188

## PHYTOPATHOLOGICAL NOTES

Cropping pattern of paddy straw mushroom ( <i>Volvariella diplasia</i> ) on sterilised and un- sterilised substrates— D. K. Chakravarty and A. K. Mallick	...	...	...	...	195
A new fungal disease of <i>Desmodium gangeticum</i> in India— R. S. Kanaujia	...	...	...	...	197
Cellular response of <i>Impatiens balsamina</i> to natural root knot infection due to <i>Meloidogyne</i> <i>arenaria</i> — Lokendra Singh and J. P. Goyal	...	...	...	...	198
The reaction of diverse population of peas to powdery mildew disease— V.G. Narsinghani	...	...	...	...	199
A note on inheritance of resistance to brown stripe downy mildew of maize— A.S. Khera, B. S. Dhillon, V. V. Malhotra and S. S. Pal	...	...	...	...	201
Some new post-harvest diseases of chillies— P. Laxminarayana and S.M. Reddy	...	...	...	...	202
Laboratory evaluation of fungicides in controlling Septoria leaf spot of hop— R.L. Munjal, and S. R. Gautam	...	...	...	...	204
Studies on fruit spot of pomegranate caused by <i>Drechslera rostrata</i> — P. S. Lande and P. G. Utikar	...	...	...	...	205
A new root rot of fennel caused by <i>Fusarium solani</i> — J. H. Gupta and V. P. Srivastava	...	...	...	...	206
Host range studies of the <i>Helminthosporium</i> spp. causing leaf spot diseases of sorghum— S. C. Pandey and T. N. Shukla	...	...	...	...	207

Mycoflora associated with the deterioration of the cultivated mushrooms ( <i>Agaricus bisporus</i> ) in storage— P. K. Seth and T. R. Shandilya ...	209
A new blight disease of <i>Fumeria parviflora</i> in India— R. S. Kanaujia ...	210
Reaction of few citrus cultivars to root-rot caused by <i>Phytophthora palmivora</i> — G. B. Kumbhare and K. G. Choudhari ...	211
Kangaroo apple— an additional host of <i>Phytophthora infestans</i> in India— Shakti S. Bhardwaj and S. L. Sharma ...	213
Identification and serological characterization of tobacco mosaic virus from chilli ( <i>Capsicum annuum</i> )— K. S. Sandhu and J. S. Chohan ...	214
Studies on the physiology of <i>Drechslera rostrata</i> the causal organism of leaf spot disease of <i>Vigna sinensis</i> — R. B. L. Gupta, G. Singh and O. P. Verma ...	215
A new leaf spot disease of betel vine— Satyabrata Maiti, Dinesh C. Khatua and Chitreshwar Sen ...	217
Effect of some fungicides on sporulation of <i>Sclerospora sorghi</i> — A. K. Gupta and B. S. Siradhana ...	218
Efficacy of some fungicides against powdery mildew of wheat— B. R. Verma and S. L. Sharma ...	219
Two new species of <i>Phoma</i> from India— J. L. Shreemali ...	220
Factors influencing growth and sporulation of <i>Gloeosporium ampelophagum</i> — S. S. Kore and P. N. Gurme ...	222
Damping-off, a new disease of guava— J. H. Gupta ...	224
Some new leaf spot disease of ornamental plants in Karnataka— D. V. Narendra and S. Vijayakumar ...	225
Studies on losses in grain yield caused by the smuts of rice in Kota region of Rajasthan— R. N. S. Tyagi and N. D. Sharma ...	227
Occurrence of <i>Pythium</i> rhizome rot of <i>Costus speciosus</i> — R. N. Thakur, P. Singh and K. S. M. Sastry ...	229
Two new species of <i>Plasmopara</i> — A. D. Sharma and R. L. Munjal ...	230
Studies on stem rot of <i>Crotalaria candicans</i> — R. N. Thakur, Madhu Kaul, P. Singh and K. S. M. Sastry ...	232
Control of damping-off of <i>Luffa aegyptiaca</i> caused by <i>Rhizoctonia solani</i> with systemic and non-systemic fungicides— R. K. S. Yadav ...	233
Notes for contributors ...	235
Statement about ownership and other particulars about Indian Journal of Mycology and Plant Pathology ...	237
